

2020 District of Columbia Breastfeeding Report

Human milk feeding is a proven primary prevention strategy, building a foundation for life-long health and wellness for infants and parents.

District of Columbia Breastfeeding Rates

See how District of Columbia breastfeeding rates and other measures compare to national rates and targets set by the Healthy People 2020 (HP2020) initiative.

	Breastfeeding Initiation Rate	Largest Disparity Between Racial/Ethnic Groups
District of Columbia	84.2%	25.9%
U.S. National	84.1%	16.7%
HP2020 Target	81.9%	N/A

Source: [National Vital Statistics System birth certificate data](#), a census of all 2019 births and the largest collection of breastfeeding data. Breastfeeding initiation is measured as a percentage. Largest disparity in breastfeeding initiation between racial/ethnic groups is measured as a percentage difference.

	Exclusive Breastfeeding at 6 Months	Any Breastfeeding at 12 Months	Formula Supplementation at 2 Days
District of Columbia	24%	39.3%	24.3%
U.S. National	25.6%	35.3%	19.2%
HP2020 Target	25.5%	34.1%	14.2%

Source: [CDC Breastfeeding Report Card](#), a biannual publication highlighting progress towards breastfeeding goals in the United States. Breastfeeding and supplementation rates are measured as a percentage.

WIC Program Breastfeeding Performance Measures

The Special Supplemental Nutrition Program for Women, Infants and Children (WIC) program provides supplemental foods, health care referrals, and nutrition education for low-income pregnant, breastfeeding, and non-breastfeeding postpartum women, and to infants and children up to age five. The WIC program serves approximately 53 percent of all infants born in the United States.

	Fully Breastfed Rate	Partially Breastfed Rate	Total Breastfed Rate	Fully Formula Fed Rate
District of Columbia WIC Rates	10.4%	38.6%	49%	51%
National WIC Rates	12.1%	21.9%	33.9%	66.1%

Federally Funded Lactation Projects in District of Columbia During 2020

Each year funding is allocated to a variety of federally funded programs that include infant feeding support through the federal appropriations process.

Centers for Disease Control and Prevention

- The [CDC Hospitals Promoting Breastfeeding program](#) provides critical support to advance breastfeeding continuity of care and increase access to lactation-friendly environments in states, hospitals, and communities. In Fiscal Year 2020, this program was funded at \$9 million.

Health Resources & Service Administration, Maternal and Child Health Bureau (HRSA, MCHB)

- The [Title V Maternal and Child Health \(MCH\) Block Grant](#) provides funding for states and jurisdictions to meet the unique health needs of their children and families. The District of Columbia has chosen increasing the percentage of infants who are ever breastfed and infants who are breastfed exclusively through 6 months as one of their Title V Maternal and Child Health grant National Performance Measures.
- The [Maternal Telehealth Access Project](#) (MTAP) is a one-time project funded through the CARES Act to increase access to quality maternity care and services via telehealth during (and beyond) the COVID-19 pandemic. The project focuses specifically on serving women at greatest risk of maternal mortality and morbidity, including women of color, Black women, Native American women, Latinx women, and women who live in rural and frontier communities. The MTAP [Community Grant Program](#) was designed to increase access to perinatal services and supports via telehealth, including clinical care, care coordination, support, and doulas/community health workers. The project was coordinated by the University of North Carolina at Chapel Hill (UNC), in partnership with Reaching Our Sisters Everywhere (ROSE) and the National Birth Equity Collaborative (NBEC). Through the MTAP program, Mamatoto Village used funding from NBEC to purchase computers and hotspots to provide prenatal and maternal mental care virtually to birthing people.

U.S. Department of Agriculture, Food and Nutrition Service

- Each year, the Food and Nutrition Service (FNS), Special Supplemental Nutrition Program for Women, Infants and Children (WIC) presents the [WIC Breastfeeding Award of Excellence](#) to recognize local WIC agencies that have provided exemplary breastfeeding promotion and support activities. The following District of Columbia agency was awarded:
- *WIC Breastfeeding Awards of Excellence Gold Award 2019*: Children's National Medical Center.

Breastfeeding Coalitions Serving in District of Columbia

The USBC supports an extensive network of state, tribal, territorial, local, and cultural breastfeeding coalitions working to create policy, systems, and environmental (PSE) interventions to better serve babies and families.

The following coalition serves in the District of Columbia:
