

2020 Oregon Breastfeeding Report

Human milk feeding is a proven primary prevention strategy, building a foundation for life-long health and wellness for infants and parents.

Oregon Breastfeeding Rates

See how Oregon breastfeeding rates and other measures compare to national rates and targets set by the Healthy People 2020 (HP2020) initiative.

	Breastfeeding Initiation Rate	Largest Disparity Between Racial/Ethnic Groups
Oregon	94.8%	8.7%
U.S. National	84.1%	16.7%
HP2020 Target	81.9%	N/A

Source: [National Vital Statistics System birth certificate data](#), a census of all 2019 births and the largest collection of breastfeeding data. Breastfeeding initiation is measured as a percentage. Largest disparity in breastfeeding initiation between racial/ethnic groups is measured as a percentage difference.

	Exclusive Breastfeeding at 6 Months	Any Breastfeeding at 12 Months	Formula Supplementation at 2 Days	mPINC Score
Oregon	35.6%	48.4%	7.9%	85
U.S. National	25.6%	35.3%	19.2%	79
HP2020 Target	25.5%	34.1%	14.2%	N/A

Source: [CDC Breastfeeding Report Card](#), a biannual publication highlighting progress towards breastfeeding goals in the United States. Breastfeeding and supplementation rates are measured as a percentage. CDC's national Maternity Practices in Infant Nutrition and Care (mPINC) survey assesses maternity care practices that affect how babies are fed.

WIC Program Breastfeeding Performance Measures

The Special Supplemental Nutrition Program for Women, Infants and Children (WIC) program provides supplemental foods, health care referrals, and nutrition education for low-income pregnant, breastfeeding, and non-breastfeeding postpartum women, and to infants and children up to age five. The WIC program serves approximately 53 percent of all infants born in the United States.

	Fully Breastfed Rate	Partially Breastfed Rate	Total Breastfed Rate	Fully Formula Fed Rate
Oregon WIC Rates	28.8%	9.9%	38.7%	61.3%
National WIC Rates	12.1%	21.9%	33.9%	66.1%

Source: [Fiscal Year 2020 WIC Breastfeeding Data Local Agency Report](#). Breastfeeding and formula feeding rates are measured as a percentage of participating children under one year of age.

Federally Funded Lactation Projects in Oregon During 2020

Each year funding is allocated to a variety of federally funded programs that include infant feeding support through the federal appropriations process.

Centers for Disease Control and Prevention

- The [CDC Hospitals Promoting Breastfeeding program](#) provides critical support to advance breastfeeding continuity of care and increase access to lactation-friendly environments in states, hospitals, and communities. In Fiscal Year 2020, this program was funded at \$9 million.
- [Racial and Ethnic Approaches to Community Health](#) (REACH) funding is used to reduce health disparities among racial and ethnic populations with the highest burden of chronic disease through culturally tailored interventions to address preventable risk behaviors. As part of the REACH program, Multnomah County Health Department will work in nutrition, physical activity, and community-clinical linkage strategies to reach infants, youth, adults, and elders to achieve policy, systems, and environmental improvements that reduce chronic disease disparities.
- [Good Health and Wellness in Indian Country](#) (GHWIC) is the CDC's largest investment to improve American Indian and Alaskan Native (AI/AN) tribal health and is focused on health promotion and chronic disease prevention, including increased breastfeeding rates. In Oregon, the Northwest Portland Area Indian Health Board and the Yellowhawk Tribal Health Center received support through the GHWIC program.
- [State perinatal quality collaboratives](#) (PQCs) are state or multi-state networks of teams working to improve the quality of care for mothers and babies, including improvements in breastfeeding rates. CDC's Division of Reproductive Health is currently providing support for the Oregon Perinatal Collaborative and Northwest Neonatal Improvement Priority Alliance.

Health Resources & Service Administration, Maternal and Child Health Bureau (HRSA, MCHB)

- The [Title V Maternal and Child Health \(MCH\) Block Grant](#) provides funding for states and jurisdictions to meet the unique health needs of their children and families. Oregon has chosen increasing the percentage of infants who are ever breastfed and infants who are breastfed exclusively through 6 months as one of their Title V Maternal and Child Health grant National Performance Measures.
- The [Healthy Start program](#) strengthens the foundations at the community, state, and national levels to help women, infants, and families reach their fullest potential. The Healthy Start program implements community-based interventions to improve the health of mothers and children, including lactation education. Oregon received two Healthy Start awards totaling \$2,145,343. Multnomah County was awarded \$980,000 and the Health Care Coalition of Southern Oregon, Inc. in Medford received \$1,165,343.

U.S. Department of Agriculture, Food and Nutrition Service

- Each year, the Food and Nutrition Service (FNS), Special Supplemental Nutrition Program for Women, Infants and Children (WIC) presents the [WIC Breastfeeding Award of Excellence](#) to recognize local WIC agencies that have provided exemplary breastfeeding promotion and support activities. The following Oregon agencies were awarded:
- *WIC Breastfeeding Awards of Excellence Gold Award 2019*: Multnomah County Health Department, Washington County OR

Breastfeeding Coalitions Serving in Oregon

The USBC supports an extensive network of state, tribal, territorial, local, and cultural breastfeeding coalitions working to create policy, systems, and environmental (PSE) interventions to better serve babies and families. The following coalitions serve in Oregon:

- African American Breastfeeding Coalition of Oregon: www.aabco.org
- Oregon Inter-Tribal-Breastfeeding Coalition:
<https://www.facebook.com/oregonintertribalbreastfeedingcoalition/>
- Curry County Breastfeeding Resource Alliance: <http://www.breastfeedingresourcealliance.com/curry>
